PluggedInVA is a career pathways program that prepares adult learners with the knowledge, skills, and credentials they need to succeed in postsecondary education and training and high-demand, high-wage careers in the 21st century. Private-public partnerships are essential to this model, and with the input and support of local employers, the *PluggedIn*VA model has trained adult learners for careers in information technology, construction, entrepreneurship, software quality assurance, electronic medical records, advanced manufacturing, health care, and pharmacy technician.
